Hire a tutor

🎓 Qualified Teacher | Software Engineer | BSc Computer Science

I have 9 years of experience in teaching and tech, with over 1,000 hours spent tutoring Computer Science. I focus on helping students with their IB and IGCSE exams, using what I learned from working in Dubai's tech industry to give them practical knowledge and support.

Teaches: Computer Science

Curriculum: IB IGCSE

Qualifications

University of Dubai: BSc in Computer Science (1998–2002)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

With over 9 years of combined experience in education and software engineering, I have spent more than 1,000 hours tutoring students in Computer Science, particularly those preparing for IB and IGCSE exams. My work in Dubai's tech sector has enabled me to offer students practical insights that align with modern industry standards. I have successfully helped students elevate their grades by focusing on hands-on problem solving, code optimization, and understanding complex topics such as data structures and computational thinking.

Tutoring Approach

I focus on bridging the gap between theory and real-world application. My tutoring sessions are highly practical, drawing on my extensive experience in Dubai's tech industry. I use industry-relevant examples to explain core computer science concepts, helping students understand not only what they need to know for their IB and IGCSE exams but also how these concepts apply in professional environments. I also tailor my lessons to each student's learning style, ensuring that they build confidence and proficiency in areas like coding, algorithms, and system design.
