🎓 Experienced Tutor | University of Zurich | PhD in Biochemistry

I hold a PhD in Biochemistry from the University of Zurich and a BSc in Biology from the University of Geneva. With over 15 years of experience, I specialize in tutoring IB Biology, IGCSE Biology, and A-Level Biology, helping students excel in their exams and develop a deep understanding of the subject.

Teaches: IB Biology A-Level Biology IGCSE Biology GCSE Biology AP Biology

Curriculum: IB A-Level GCSE IGCSE AP

Qualifications

University of Zurich: PhD in Biochemistry (2010–2015)

University of Geneva: BSc in Biology (2005–2009)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

For the past 15 years, I've been tutoring students in IB Biology, IGCSE, and A-Level Biology, guiding them through challenging topics like molecular biology, genetics, and ecology. My students have come from various educational backgrounds, excelling in their studies and securing top grades in international exams.

Additionally, I've worked extensively with undergraduate and postgraduate students, offering support in biochemistry, immunology, and related subjects. This has included helping students with research papers, thesis writing, and scientific illustrations. My diverse experience allows me to adapt to different learning styles and academic requirements.

In my career, I've taught biology to students from across the globe, preparing them for a range of examinations including AP and Cambridge A-Levels. I also assist students with extended biology essays, simplifying complex research articles and fostering a comprehensive understanding of the subject.
